Status of Prop 84 Round 4 & AQPI

- Prop 84 Round 4- FINAL UPDATE! Closing at the end of March 2026. James provided the update as the Project Manager/Natasha was out. Ribbon Cutting for Project 7 was on 2/202/2026 and was well attended.

- The DWR grant to the Bay Area for the AQPI radar system will be closed out as of June 30, 2026. Scripps Institute/UC San Diego's CW3E will continue to manage AQPI. Jon Rutz is the contact. jrutz@ucsd.edu. Dale Roberts, Sonoma Water will attend/represent the project at CC meeting. dale.roberts@scwa.ca.gov. The project webpage is <https://cw3e.ucsd.edu/aqpi/>

Status of Prop 1 Implementation Funding

- Leslie provided an update that for both Rounds of Prop 1 (Rounds 1 & 2), SFEP staff are reviewing quarterly materials with submittals being due to DWR at the end of February.
- Prop 1 Round 1- SFEP staff are working with DWR to extend the grant terms from 6/30/2026 to 12/31/2026 to accommodate the two remaining project schedules. The other five projects are closed out and retention has been paid.
- Prop 1 Round 2- Amendment 4 request submitted 2/17/2026 to extend schedules for seven projects- lots of delayed construction for this round of funding. SFEP and DWR have a joint site visit planned for Project 5 with MMWD for 3/17/2026.

Functional Area Representatives Recruitment and Update

- Since the last CC meeting in February, five individuals reached out to volunteer to serve as functional area representatives (3) and alternates (2). The new representatives were introduced and officially assumed this role at the meeting. One functional area representative seat needs to be filled and there are many open alternative seats. Chair will reach out to BAFPA to look into filling the last open seat – a Flood Protection and Stormwater functional area seat.
- SBSP Presentation (Prop 84, Round 4, Project 7) from Laura Cholodenko - presentation will be available on the BAIRWMP website.

Prop 4 Funding Updates

- Focus on implementation- can be CC, Watershed networks, etc.
- James has questions out to the state to determine who eligible applicants is to apply for funding
- A notable difference for this round of funding is that the State is not dividing money by region; approximately \$150M for statewide funding- not regional funding
- There will be upcoming outreach events this Spring 2026 and the CC will announce them as they become available

Action Items/Announcements:

- Next meeting 5/18/2026
